Why Go Green?

Bar Mitzvah and *Bat Mitzvah* ceremonies are important rites of passage, celebrating our children's transition from childhood to adulthood. These life marker events are meaningful introductions to the rights and responsibilities of participating in our society.

The occasion of your child becoming a *Bar/Bat Mitzvah* is the perfect time to include the Jewish concept of *tikkun olam*, "repairing the world," into your ceremony and celebration. The good news is you do not have to sacrifice style or fun to do it!

"It is a tree of life to those who hold it fast."

A Better Way ~

Eco-friendly Choices

Small choices can make a big difference. For example, using local, seasonal, organic flowers instead of imported, cut flowers reduces the carbon footprint of your event, keeps pesticides out of the environment, and

protects workers in South America.

Giving guests

tree or seed packets, organic or fair trade chocolates, or donations in lieu of favors helps the eco-conscious message take root. There are many eco-friendly options available if you know where to look!
